o que é cyberpunk ?

cidade e distopia

A woman with long brown hair and pink highlights is shown from the chest up, looking directly at the camera. She has a tattoo on her right shoulder and a small hoop earring. Her left arm is heavily modified with a mechanical arm and hand, which is holding a scalpel and performing surgery on a patient's leg. The patient is lying on an operating table, with their leg exposed and wires attached. The background is a dark, industrial-looking room with pipes, a red light, and a screen displaying Japanese characters. The overall aesthetic is cyberpunk.

inspiração

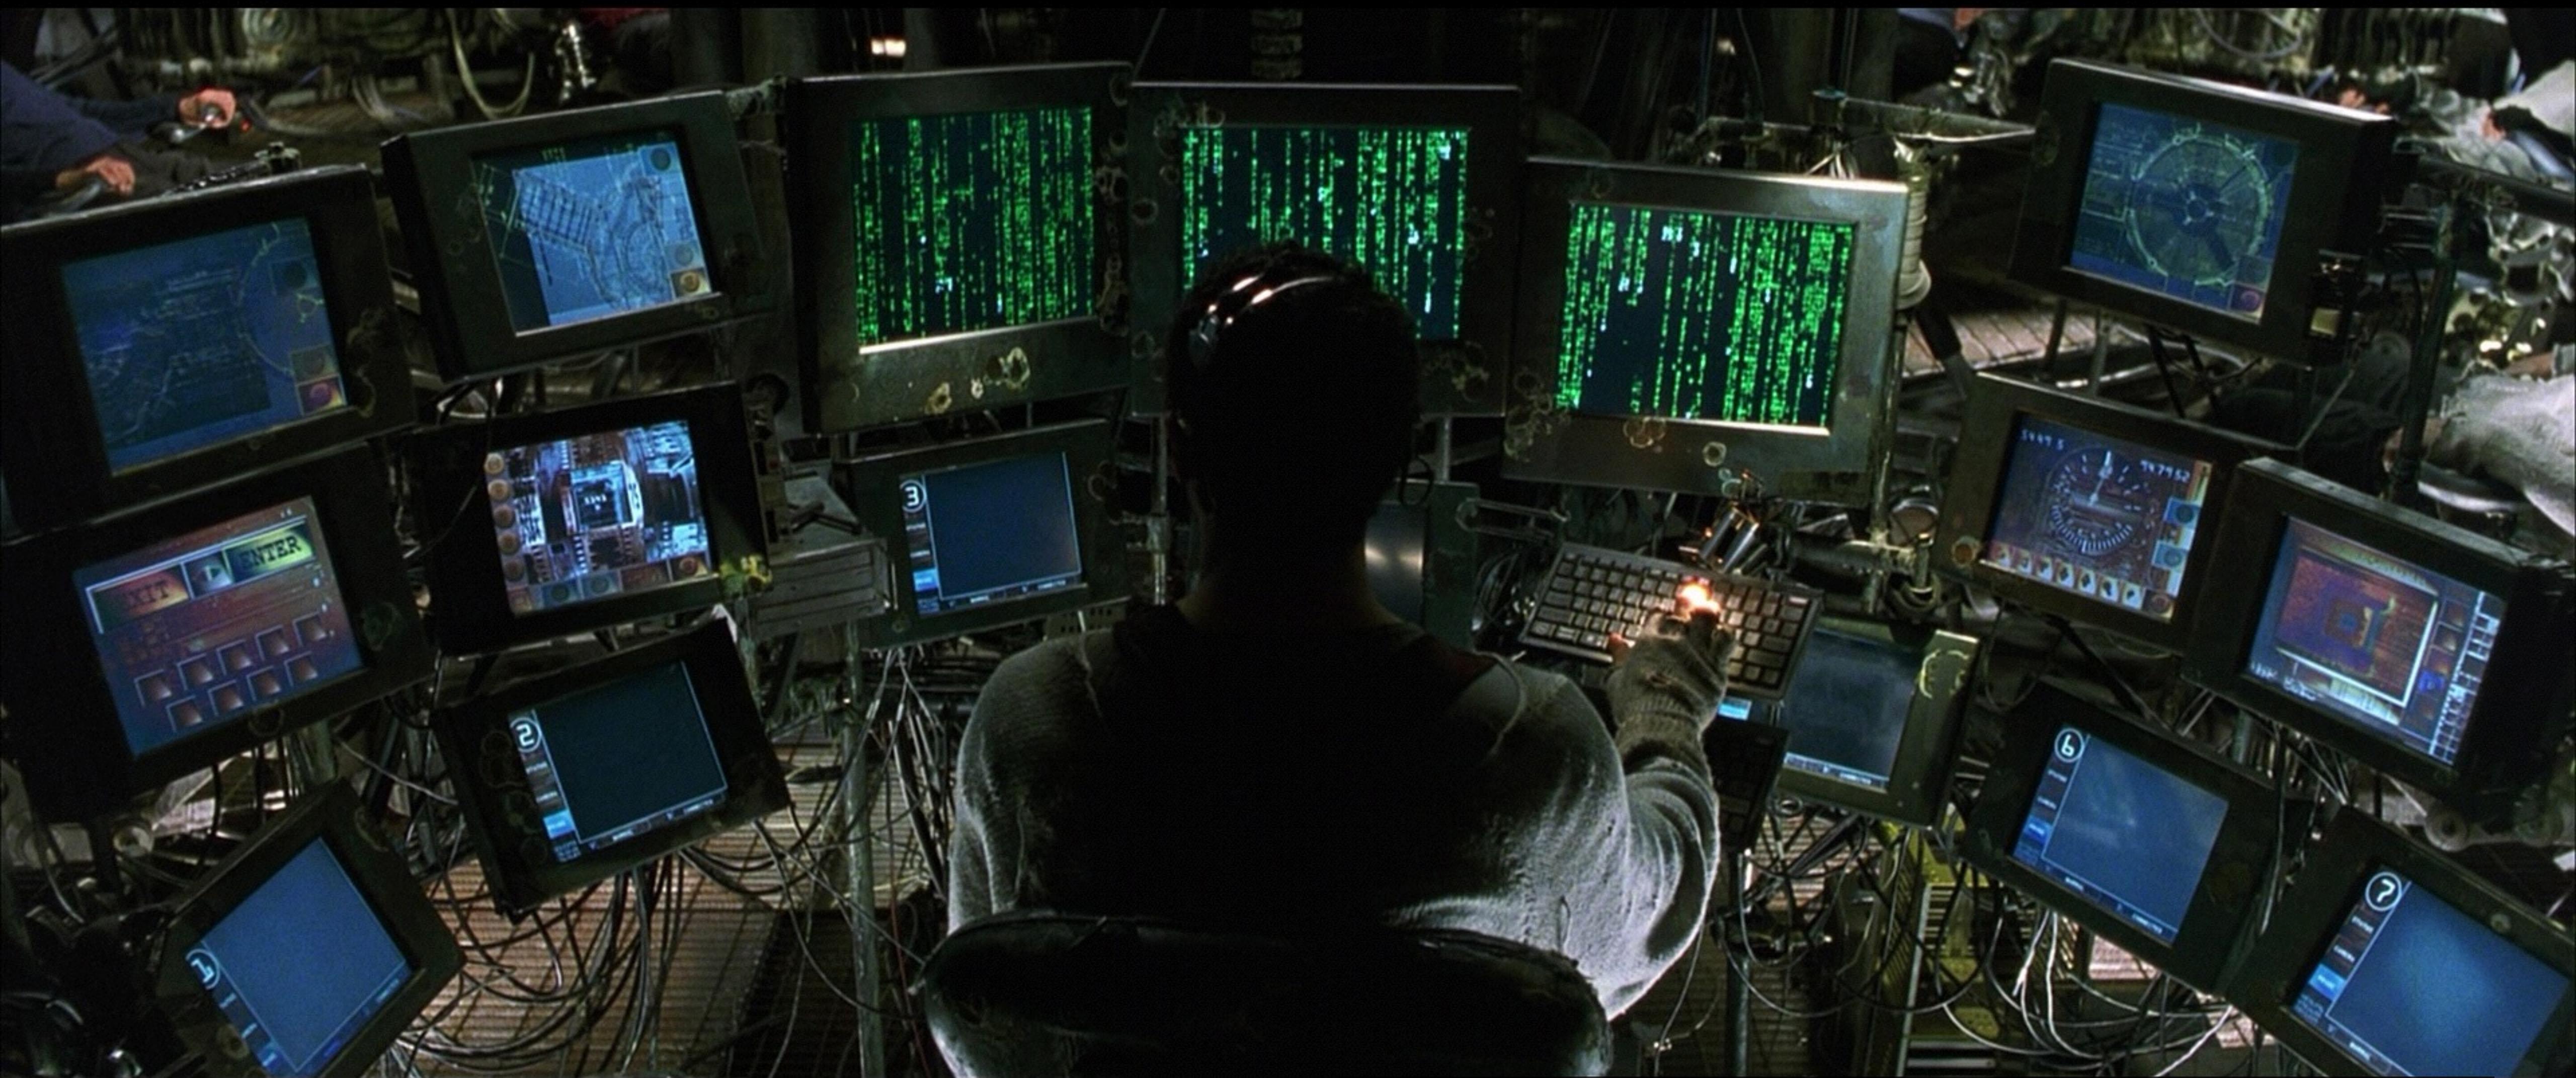

A collage of three iconic movie stills. On the left, a wide-angle night shot of a futuristic city skyline with glowing skyscrapers and a large, bright sun or moon in the sky. In the center, a close-up of Harrison Ford's face as Rick Deckard, with his eyes closed and a contemplative expression. On the right, a close-up of Marlon Brando's face as Don Corleone, looking intensely at the viewer. The word "cinema" is overlaid in yellow text at the bottom center.

Bonus: Robotic Plants Grow Roots

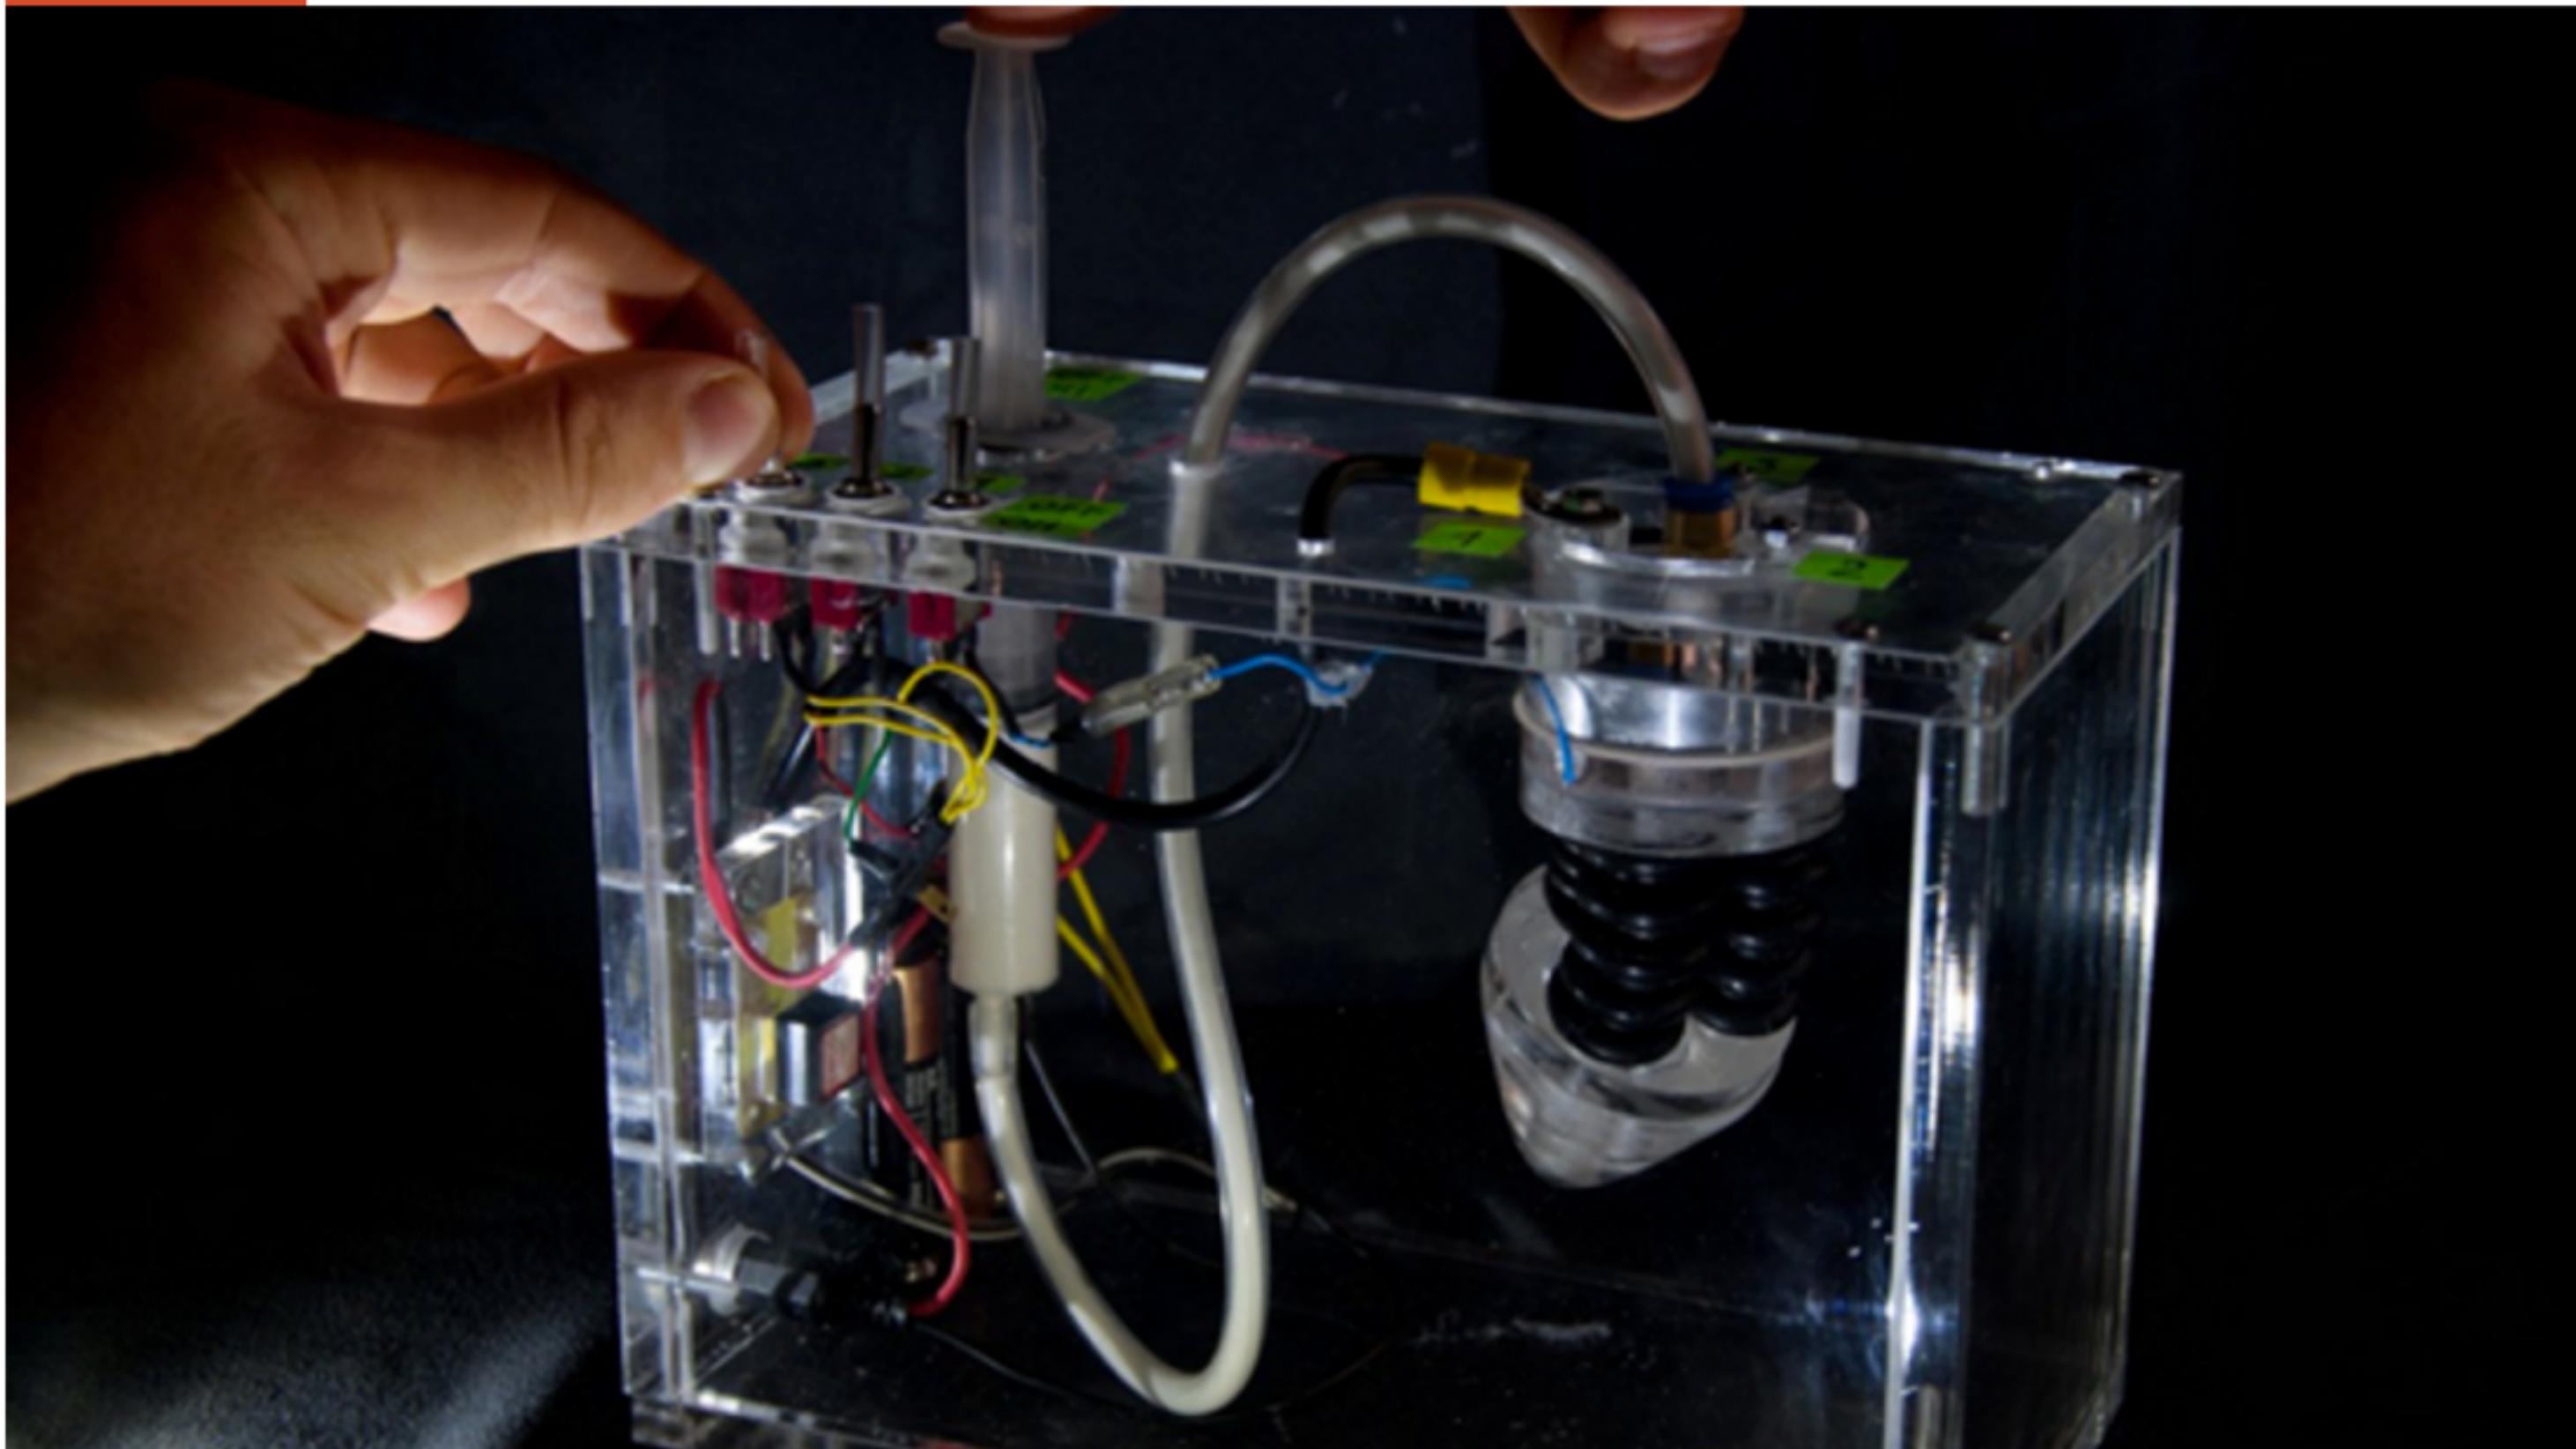

Photo credit: [Plantoid](#)

And now for something completely different. So far, we've shown you human body parts being replaced, but we'd now like to present you with . . . robotic plant roots. That's right—**robots that grow roots**, which are attracted to water and react to changes in the soil.
